Research Presentations

Sigma Theta Tau International Honor Society of Nursing (April 30, 2022)

Bloomfield College A.B.S.N. Induction Ceremony and Annual Research Day

Presented Dissertation: **What is the relationship between HPV knowledge and perceived susceptibility with the intention to vaccinate amongst young adults in an urban clinic?**

ProQuest Dissertation:

McCormack, C., (2021), *What is the Relationship between HPV Knowledge and Perceived Susceptibility with the Intention to Vaccinate amongst Young Adults in an Urban Clinic*, William Paterson University.

Holly Forum (September 27, 2022): Designed and presented **What is your code status?**

- Facilitated a forum on end-of-life decision-making, highlighting the importance of advance directives and code status prior to hospitalization.
- Reviewed types of code statuses and advance directives available to patients and families.
- Addressed ethical dilemmas that arise when end-of-life decisions are not clearly communicated or initiated.

Service To Bloomfield College

- Served as a member of the Holly Advisory Board (2025).
- Led sophomore nursing class orientations (2022–2025); designed and launched a new orientation program in 2023.
- Contributed to academic governance as a member of the Standards Committee (2021–2023) and the Assessment Committee (2023–2025).
- Hosted and oriented prospective nursing students during Bloomfield College of Montclair State campus visits (2023, 2025)
