I. CALL TO ORDER

Meeting is called to order at 3:04 PM.

Emma: I apologize, I was in a meeting, I was not able to get out in time for that.

Gerard: Motion, to nominate Arianna, temporary Attorney General.

Gerard motioned to make Arianna, temporary Attorney General. Motion was seconded.

Emma: Arianna is now temporary Attorney General, because our Attorney General is currently still in that same meeting I was at.

II. ROLL CALL

Roll call was done by President Pro Tempore, Primo.

Emma: Wonderful, roll call is done, um, if you see anyone that comes in late or whatever, just nudge to them and just say that you are here afterwards. If you are not a legislature, because I see some unfamiliar faces, you are, um, in the back so you can just grab a chair. You do not sit in the meeting section. Ok, Acceptance of Minutes, you should all already be there, please look over the minutes, if you see anything that needs to be amended, I will give you a minute for that. - time interval - Is there any amendments to the minutes, that need to be made? We are looking over it.

III. ACCEPTANCE OF MINUTES

Rebecca: Uh, I believe Ty’s name was misspelled to the Committee Report. It is spelled T-Y-S-H-A-W-N.

Jack seconded.

Emma: The spelling of his name has been amended. Anyone else? Any other items that they see? Seeing that we need ⅔ majority vote in order to accept these minutes, all those in favor, all those opposed, all those abstaining.

Minutes have been accepted.

IV. ADMINISTRATIVE REPORTS

Mariel: Hi, Good Afternoon, I am Mariel Pagan, the Director of the Center for Student Involvement. Update, so yesterday was the finale of voter registration. Last year at this time we registered four-hundred
and fifty six people, that was last year. This year we registered seven-hundred and fifty-two people. So, we are super excited because in our office alone yesterday we registered one-hundred and thirty people, and most of which said they came to our office because of the email that was sent out at eleven thirty so from eleven thirty to three thirty we registered one-hundred and thirty people. There was also an organization downstairs in the student center they also registered an additional sixty people at their table. So, we had a total of one-hundred and ninety new registrations put out, so now our offices focus will shift to getting out and vote.

Emma: Any questions for Mariel? Officer Reports.

V. OFFICER REPORTS

Emma: Jill?

Jillian: No report.

Emma: Attorney General?

Joseph: No report.

Emma: And my report is all about the conference, so you will hear that later. I guess we will give a brief statement, which I will go over when we are doing committee reports, if nothing substantial has happened in the committee, you do not need to come up, just say “no report.” I stood up here asking for them and did not make myself clear, you do not have to come up here and be like “My committee is great.”, you know when you are giving these committee reports you want to be giving us something important to the legislature, maybe you have an idea, or maybe you want bounce back with other members of the legislature. So, if you do not have anything of substance that is absolutely fine, we know there are still more week's you can save your report for that. Sera do you have anything in Officers’ Reports?

Serafina: Yeah. So, this is from (inaudible) and University Police sat with the faculty at the Dean of Students’ Office, that is happening tomorrow afternoon at three o'clock. If you have any further questions please feel free to come to me after the meeting.

Emma: Any questions for the President?

VI. CABINET REPORTS

Sarah “Meatboy”: Hello, for those who do not know my name is Meatboy, or Sarah, I am the Director for Social Justice and Diversity, so next week the Office of Social Justice and Diversity, will be having Diversity Week, if you go under our HawkSync page and click on “Diversity Week” and then you will see the breakdown of everyday next week. If you click on that it will give you all the events, so it can kind of give you an idea of what we are hosting throughout the week, next week. Um, everyday we have a “Say Her Name” window display and we are debuting our Diversity and Training on Monday so, kind of similar to Safe Space Training but focusing more overall on inclusion and diversity, we are going to touch up on race, religion, ethnicity, etc. We have some co-sponsorships throughout the week, um, we also have our culture blast, come to our events, talk to me about them. If you are interested in attending them, my boss (inaudible) also wanted to let you all know that, tomorrow there is an informational session through Planned Parenthood, their generic project action plan, they are just looking to kind of, get a whole bunch
of people together to fight for reproductive rights, so they will be here tomorrow from eleven to one in Student Center 113, that is the Office of Social Justice and Diversity. If interested in becoming part of the project, make sure to pass by the office tomorrow and ask questions. Other than that, I am done.

Emma: Any questions for the Director for Social Justice and Diversity? Ok, moving on to committee reports. Appropriations.

VII. COMMITTEE REPORTS
Andrew: Hey, my name is Andrew Lyons, you all know that I am just saying that for the Clerk when he is taking the notes. Um, we went through bills thirteen, fourteen, fifteen, eighteen and sixteen. Uh, I said that out of order but I will tell you why later. Thirteen, fourteen, fifteen, eighteen we all gave a positive recommendation to. Number sixteen we did not give a positive recommendation, the MUFASA bill, that is because we need to make a formal amendment to the bill because there was a mistake there was a miscommunication, uh, when I was writing the bill. But, uh, yeah that’s it.

Emma: Are there any questions for Andrew at this time? Arianna.

Arianna: Motion to nominate Eduardo as temporary clerk.

Emma: Is there a second?

Legislature: Second.

Emma: Eduardo, do you accept?

Eduardo: Yes.

Emma: You are now temporary clerk. Academic Affairs.

Legislator: No report.

Emma: Marketing and Publicity. I like to switch it up every week.

Gerard: You threw me off for a second. Um, hi I am Gerard, this is going to be a quick one, like I said last week, this week we had Officer Amanda Rusticus come in, um, that took the whole meeting. I am just happy to say that we are working with her, on what she needs and we are working on the bills now.

Emma: Any questions for the chair? Government and Administration.

Jack: So, um, I am Jack, chair of the Government and Administration committee, so there were three nominations yesterday and they will all be considered on the floor today. Um, we continued revising the Constitution which we should be done by next week. So, expect that.

Emma: Awesome, any questions for Government and Administration? Thank you. Organizational Review.
Primo: Hello, I just want to keep you all updated on what we are doing in Org Review and what organizations are happening. Um, twenty seven are in grace period and need to be rechartered which is a lot, out of those twenty seven only fifteen have gotten in contact with me about rechartering. So that is not a lot, and the deadline is the thirty-first and only two have fully submitted their papers which those are Spanish Club and (inaudible) and you will see there presentations next Wednesday.

Emma: Any other questions for the President Pro Tempore? Equity and Diversity Committee.

Hi, guys my name is Jenaiya, um in our committee meeting we talked about, um (inaudible) which will be coming real soon, we talked about name and identification, you know having people who want their name to be different, I can explain it, but um, also we are doing the walkways because in some of the places, um, some of the places that are accessible to walk, you know, the pavement needs to be done. We also talked about the Constitutional Review, so like things to be more inclusive towards like other people and diversity.

Emma: Any questions for the Chair of Equity and Diversity? Cool, you’re good. Okay, moving on, Student Affairs.

Fritz: Good Afternoon, As of October 15, 2018 the student affairs committee has progressed a lot in terms of coming up with several initiatives that would improve the college experience of all our Red Hawks. Last week’s meeting covered the areas of recreation, Proposals that benefits International Students, Disability access which was our unfinished business previously.

This week is definitely where we’ll start making actions. Since documentation and data gathering is an important aspect which I always highlight during our meetings. We are in the process of finalizing several emails that will target the Commuters Life, Parking and Shuttle Services and Disability Resource Center. Keeping in mind that we still need to confirm and finalize our intention of doing so with Emma, hopefully this week.

Spreading out survey questionnaires pertaining to all the current initiatives on hand is still a concept that we consider. I was recently informed that using surveys.montclair.edu is also an easy way to gather data. I am not sure if we still need to make a bill for it. If this is going to be our method, but since we are not yet in that stage I am not going to worry for now. But we will get there.

Everyone in my committee are tasked to gather additional information regarding the areas that are being tackled during the meetings. Documentations and Pictures asked to be send directly to me or to be brought up during the upcoming week’s.

For the fun part, we would like to inform everyone that we are now making our plans for the committee jackets that we have in mind. Some of us in the committee is now doing the research in terms of the financial aspect of it and other complicated parts of the process. We are now deciding with the possible color combinations for each committee as well as designing the logos for each one. Rest assured that you will be a part of the decision making by the time designs are out and when this idea pushes through. Expect that we are going to have a formal presentation regarding this so everyone can envision it soon. #WeWillBecauseWeCan. Thank you!
Emma: Any questions for the Student Affairs Chair? Ok, moving on. Sustainability Committee. Our chair is not here right now. Secretary of the Sustainability Committee?

Legislator: No report.

Emma: Residence Life.

Legislator: No report.

Emma: Last we have the Dining Committee, but we are just going to wait for the chair to come back, we are just going to move forward and when the chair returns, we’ll go back into committee reports. Programming.

VIII. PROGRAM
Emma: I know that programming has not been fun lately, but usually programming is the fun part of the meeting, it is supposed to be informative, we typically bring someone in here, and give insight on something that you are working on, whether it be a committee or as a whole. However, the first semester, is all about administrative things getting to you all. So we have a Constitutional Convention, remember when I said it was three days, this does not mean you have to be present all three days. But, if you cannot make it please make sure to send us a formal email stating the reason why you cannot attend, like you do with our meetings. Maybe you have a big test the next day, or work, it is fine as long as you let us know with time in advance. Structure for the Constitutional Convention has still not been worked out, we have a meeting with all the branches which will all be part of that decision, we will have that meeting with them, and get back to you for more opinions. Right now we are solidifying space for it. I would recommend blocking out your schedules for Tuesday, Wednesday, Thursday from seven to nine.

Arianna: (Point of Clarification) Since times are not solidified yet, if we have committee meeting during that time, will it be cancelled or postponed?

Emma: Absolutely, although with the times we have planned we do not believe we should have any committee meetings at that time.

BILL #F2018-018
Committee Report: Positive Recommendation
Appropriations: 6/0/0
Author’s Report: Serafina, speaks about the Organization Resource Center and the purpose they will serve for all our organizations to use. It will be a communal locker room. It did not cost any more to get sustainable lockers. 10 lockers are the height of the room, and the other 4 are going to be bigger for instruments or other bulk items.
Questions for the Author:
Q: How will we make sure they are not using the lockers for personal items?  
A: They will have to fill out the application requesting the space, in that application they will have to fill out the reasoning for it, so we will know what the purpose of the locker is for.
Q: Who are these lockers going to be servicing?  
A: Class I, II, III, IV Organizations.
Q: Will non-perishable items be able to be put in the locker?  
A: Not really, but we have a refrigerator and kitchen area for the organizations.
Q: Have you considered securing the room as a whole, and that way you don’t segment a space?  
A: In order, to do that we would either have to give out swipes to the fifty-something orgs or hire a security guard, which right now would be really expensive, it would $80,000 plus benefits and we do not have the personnel.
Debate and Discussion: Joe, asked why can the swipe not be programmed to open door. Serafina answered since no name could be attached to which individual, all those swipes cannot be assigned as it can become a safety risk. Elshama, recommended giving a person from the organization a key to the room, later Emma discusses the fact that if an individual from the organization goes in to the room and something goes missing, then no one can be at fault because the key was handed to the organization not a person in particular. Elshama, goes on to say that we should then penalize the organization. Joe, later replies with him finding it unethical for him as Attorney General to respond in such a manner when it is not on the statutes. Fritz, point of information; recommended maybe seeking office cubicles. Emma and Serafina, responded that Montclair State University absolutely said no to any construction within the room. Class Organization Directors have endorsed this bill, representatives present gave personal examples of how these lockers would better assist them.
