IV. ADMINISTRATIVE REPORTS

Mariel Pagan: Good afternoon everyone, today we will be conducting a focus group listening sessions to talk about the student center. This is a very early stage and we would all love to hear from you. I have colleagues to participate and be a part of this listening session. We will start with a brief presentation and move on from there about what you would love to see in a future student center.

*Presentation commences*

Thank you! To get started, our first question is what are your favorite places on our current campus and why?

*We discuss the places on campus.*

My next question for you is thinking about your organization or as an individual, how is the student center meeting your needs?

*We then discuss on what is working well with the building.*

Now we’re going to transition to what doesn’t work so well with the student center.

*Goes on to discuss what we don’t like with the student center.*

Now we’re going to go into a different direction. Scrap this building. Think about your hopes and dreams of this building in the future.

*Discussion about the future of the student center.*
Between now and the next time you see us, you can look up a student center portal where you can leave us feedback. We will continue to have this conversation. Thank you for your time.

Joe: I just want to commend the committee on this for fixing this because I didn’t know this was such a big problem on campus.

Emma: I just wanna mention that I spoke with the SGA treasurer that we have to money to help with this. The corporate budget will increase this as it goes on.

Jonathan: Anything else? Seeing none, we need a ⅔ majority vote in order for this bill to pass.

Bill S2019-076: SGA Livestream Camera

Authors Report:
Arianna: What this bill is for is that a bill was passed mandating us to record all SGA meetings, and it was signed into law, but as we can see we don’t do that. Myself along with the rest of the marketing and publicity committee agreed along with the eboard that we will buy a high duty recording device that will allow us to do this.

Questions for the author:

None

Arianna: Motion to discharge committee.

Committee is discharged

Debate and Discussion of this Bill:
Jack: Point of information to Arianna, if this bill is about money why hasn’t this been referred to the appropriations committee?
Arianna: Last week it was placed into marketing and publicity committee so that is what it went through. I don’t place the bills so refer to Emma.
Emma: This was a point of contention between a lot of committee’s. As you know Dining committee also has a bill. It is not feasible based on the schedule provided. That’s why I didn’t put it into two committee’s
Adonis: Question for the author, is it one camera or multiple cameras?
Arianna: The idea is that we are going to have it pointed this way so that you can see the person speaking and everyone else.
Kevin: Have you guys talked to the IT department about getting a camera placed in this room?
Arianna: Defer to Emma
Emma: Since it is not our room, we are not allowed.
Jack: Where would we get a camera from?
Arianna: Best Buy
Jonathan: Any more questions? Seeing none, we need a ⅔ majority vote in order for this bill to pass. All those in favor? Opposed? Abstaining?
