

Completing the Immunization Requirements for Montclair State University

Directions:

1. Determine your immunization requirements listed below based on your status, check each box which applies to you.
2. Compare the requirements to what is documented in your immunization record
 - a. Immunization records can be obtained from your pediatrician, high school, previous college or military.
 - b. You must have proof of receiving all of the required vaccinations or blood test titers which demonstrate immunity. There is no titer for the meningitis vaccination.
3. The official immunization record and/or a copy of blood titers must be submitted electronically to the [MyHealth Portal](#). Paper copies are not accepted at the University Health Center.

Requirements - more than one requirement will apply:

FULL-TIME students (Undergraduate 12 credits or more; Graduate 9 credits or more)

- MMR (Measles, Mumps, Rubella) – 2 Doses. 1st dose *must be after* your first birthday
- Hepatitis B - 3 Doses

All first semester students under age 19 years (Resident and Commuter students)

- Meningitis (Menactra or Menveo) – 2 Doses with one dose given on or after 16th birthday
- **May** require Meningococcal B vaccine. See checklist below.
- https://www.montclair.edu/university-health-center/wp-content/uploads/sites/86/2020/03/Meningococcal-Implementation-Guidance-Packet_Higher-Education.pdf
