Re: Response to Audio/Visual Surveillance Policy Proposal

President Bellum:

I have reviewed the Audio/Visual Surveillance Policy proposal. The University is currently in the process of updating its Audio/Visual Surveillance Policy and will share it with the Senate for review prior to adoption. The new Policy will incorporate the elements of the Senate's proposal. Audio/video surveillance data will only be collected and used for law enforcement and security purposes. This data will not be released to any individual for non-law enforcement purposes.

Thank you for your thoughts.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Koppell', written over a horizontal line.
